Record deaths of members of the church only. In the "Membership Terminated" column in the Chronological Record of Full Membership enter the date of death and other information. Do not record names of deceased persons who are not members of the church but whose funerals are held in the church.

Chronological Reference Number. Enter the same number as on the Chronological Record of Full Membership.

Place of Burial. Enter the name of the cemetery and city or county and state in which the cemetery is located.

Officiating Minister. Enter the name of the officiating minister—the minister who had charge of the service.
