RECORD OF BAPTISMS.

EXPLANATIONS AND DIRECTIONS.

EACH item here enumerated should be carefully entered, as, in the case of orphan children, the Baptismal Record is often the only means by which they could prove either their age or their parentage.

When adults are baptized, the *Names of Parents* and the *Dates of Birth* may be omitted, except it be in the case of very young persons, who can have no delicacy in giving the necessary information. The Mode of Baptism, though well-nigh uniform in our Church, may be specified as an item of interest in the future. Under the head of *Remarks* may be entered anything in connection with said baptisms that the minister may deem sufficiently important to notice. In entering the Date of the Baptism in the double column on the left, it will add to the appearance of the Record to put the year on the margin, and the month and day in the next column, thus: 1863 | Dec. 25, | instead of Dec. 25, 1863. As the year will not be repeated so frequently, it will leave a wider and neater margin
